Welcome Cindy Baldonado - CWC's Health Coach!

Complete Women Care is pleased to announce that Cindy Baldonado, PA-C has joined our practice. Cindy has been practicing in the South Bay and UCLA for several years and is excited about returning to the City of San Pedro where she previously worked for an internist.

Based on Harvard Medical School recommendations, Cindy will serve as a Health Coach for our pregnant patients. She has the latest information from leading medical institutions about important health topics such as proper nutrition, exercise, and breastfeeding. She will meet with patients on a regular basis, and spend about half an hour on one-on-one counseling, sharing information, literature, answering questions and preparing pregnant patients for what is to come

throughout their pregnancy. We will be offering this service to our patients with no co-pay or office fees.

She will also be performing Pelvic Training and Urodynamics for all other Complete Women Care patients.

About Cindy: From an early age I realized that working in the medical field was something I wanted to do. Growing up in a family of doctors and nurses, I saw the influence they had on others and the difference they were making in people's lives. I knew I wanted to help those in need and build lasting patient relationships.

As a physician assistant, I've had the opportunity to work in various fields of medicine including family/internal medicine and bariatric surgery. The key to develop successful relationships is more than just knowing a name on a chart; it is fostering a true connection with an individual and to help her improve her health and life.

The doctors and staff at Complete Women Care hope you will join us in giving Cindy a warm welcome! If you have friends or family in need of compassionate medical care, please call us and make an appointment!

Welcome Dr. Anna Gevorgyan!

We are pleased to inform you that a wonderful new physician, Dr. Anna Gevorgyan, has joined our practice.

Dr. Gevorgyan completed her first residency in Armenia in General Medicine. She then relocated to California and received a certification as a General Practitioner. Dr. Gevorgyan completed two years of a research fellowship at the Minimally Invasive General Surgery division at USC and has worked on embryonic stem cell research at City of Hope before moving to Chicago where she obtained an OB/GYN residency.

Dr. Gevorgyan is an extremely kind, caring and compassionate individual. Such characteristics truly enhance the patients' quality of care.

Once again, all of us at Complete Women Care want to thank you for your friendship and loyalty. We kindly ask you to embrace Dr. Gevorgyan and hope that you will make an appointment with her soon.

Free 4-D Ultrasounds For OB Patients!

At 27-32 weeks of pregnancy, we provide a free 4D ultrasound package which includes a DVD set to music, CD with digital photos and a photo album. Other centers charge patients well over \$100.00 for such a service. We are pleased to extend this free offer to our wonderful patients!

CWC To Open New Office In Naples!

It has come to our attention that Naples and the Seal Beach areas do not have an OB-GYN specialist in their communities. Therefore, we decided to open a new Complete Women Care Center in Naples. It will provide full obstetrical, gynecological, urological and infertility services.

The new office will officially open on August 4th. It is located at:

5865 Naples Plaza
Long Beach, CA 90803
(562) 343-2814

If you would like to make an appointment prior to August 4th, please call us at (562) 424-8422.
