

## RESULTS CALL & PATIENT PORTAL

As a courtesy to our Patients and to improve the speed and quality of our testing process, our office uses **ResultsCall™** to deliver your confidential test results. Once your results are reviewed, our system will notify you that your test results are available for retrieval. At that time you do not need to call our office to pick up the results of your tests; simply follow the instructions below to access your test results any time of the day or night.

### TO ACCESS YOUR TEST RESULTS BY PHONE

- Dial the **ResultsCall™** toll-free access number: 877-291-0852
- Enter your 5-13 numeric digit PIN (This is the number listed below, or the PIN you created while registering for the Patient Portal)
- When prompted for your four-digit date of birth, enter two digits for the month and two digits for the day.
- When prompted for your phone number, enter your 10 digit telephone number, which includes your area code. This should be the same number we used to notify you that your results are ready for retrieval.
- If you have tried to retrieve your test results before being notified by **ResultsCall™** and the system does not recognize your PIN or other personal identifier numbers, this means your test results are not ready for retrieval. Please try calling later.
