Welcome Dr. Marina Maslovaric

We are pleased to inform you that a wonderful new physician, Dr. Marina Maslovaric, has joined our practice!

Dr. Maslovaric writes: "Dedicating my life to medicine came naturally. My family has a strong tradition of contributing to society and helping others. My grandfather, father and brother all served in the army. My other grandfather was a farmer but served as a medic during World War II. My mother and one aunt are both caregivers and another aunt is a physician in Croatia.

I have chosen Obstetrics and Gynecology because it embodies the best of every field of medicine, from menarche to senility and from preventive care to surgery. I strive to serve my patients with sensitive handling of their diverse needs. I am dedicated to provide an education about their bodies and their medical issues. During college and medical school through volunteering and employment I was involved in many tutoring and teaching positions. During residency, I was honored for my passion for education by receiving the Distinguished Resident Teaching Award.

I feel very privileged to be part of Complete Women Care as this is a group of distinguished physicians who all share a common passion for women's health and pay attention to both the inside as well as the outside of a human body."

Education

Undergraduate: University of California, Irvine (Neurobiology, B.S., cum laude)
Medicine: Keck School of Medicine at the University of Southern California
OB-GYN Residency: Kaiser Permanente in Los Angeles.

Please call us to make an appointment with her!
